Student Enrichment Grants

Working toward the Honors & Scholars mission of providing students the ability to participate in opportunities that help create a holistic learning experience, the University Honors & Scholars Center will award $75,000 annually in student enrichment grants thanks solely to donor contributions. The scholarship amount will range based on the student’s proposals, with a maximum award of $3,000, and will be awarded through a competitive application process.

Funds are available to undergraduate Honors and Scholars students of all majors and can be utilized for a variety of purposes, including, but not limited to research, creative work and study abroad.
